

Get your Medicare information anytime

Visit Medicare.gov to log into (or create) your secure Medicare account to get your Medicare information anytime. You can also:

- Add your prescriptions to help compare health and drug plans in your area.
- Sign up to go paperless—get your yearly “Medicare & You” handbook and claims statements, called “Medicare Summary Notices,” electronically.
- View your Original Medicare claims as soon as they’re processed.
- Print a copy of your official Medicare card.
- See a calendar of preventive services you’re eligible to get with Original Medicare.
- Learn about your Medicare premiums, and pay them online if you get a bill from Medicare.

CENTERS FOR MEDICARE & MEDICAID SERVICES

This product was produced at U.S. taxpayer expense.

Download & share Medicare claims

Download claims:

- Log into (or create) your secure Medicare account. Then select “Download my claims & personal data” from the drop-down menu under your name.
- Download your Medicare Part A, Part B, and Part D claims to your computer or other device to print or share them with others you trust.

Share claims with Medicare's Blue Button

Easily share your data with doctors, pharmacies, and others by connecting Medicare-authorized web applications (apps) to your account. Blue Button is secure, reliable, and easy to use.

When you connect your account to Medicare-authorized apps, you can:

- Access and share your Part A, Part B, and Part D claims
- Manage your health with other computer-based services
- Control your health information
